

DANA

Ref.: **2185675**

DANA is a matte white ceiling fan that is IP66 rated, so it can get wet, withstand rain or be installed completely outdoors. It has a built-in LED plate with 3 colour temperatures and adjustable intensity. With a minimalist and modern design, it fits in any decorative style. The 132cm diameter, DC 2.0 motor and its 6 speeds assure an optimal energy airflow and maximum energy savings. It includes a summer-winter function, timer and naturwind.
